

IMS POLICY

TD Power Systems Ltd., as a leading generator manufacturer conducts all its operations in a manner that is protective of the environment, health and safety of employees, customers, suppliers and the community in large. In fulfilling this commitment, we maintain and continually improve all our process and complying with legal and other requirements, in order to:

- 1 Provide quality products on time to our customers through continual improvement in every process, which will result in total customer satisfaction.
- 2 Ensure safety and Health of our employees, associated stakeholders and focus on how to make the world a better place to live.
- 3 Comply with all applicable legal Safety and Health performance of individuals at different levels while considering their career advancement in the organization.
- 4 Enhance Safety, Health & Environment (SHE) awareness amongst employees and associated stakeholders through effective communication and training.
- 5 Ensure SHE responsibility amongst all the employees in their practices, promote and value their involvement in achieving the goals of this policy.
- 6 Fix the responsibility of SHE policy and procedures with the contractors, Sub-Contractors, Transporters and all other agencies operating with the Company.
- 7 Integrate Health & Safety in all decision-making processes of the company including those dealings with purchase of plant equipment, machinery & materials as well as selection and placement of personnel.

Adopt all the relevant techniques & methods such as risk assessment and safety audits at appropriate intervals of time to assess the status on Quality, Environment, Health & Safety and take relevant remedial measures to overcome the problems encountered.
