Sir,

SUB: DISCLOSURE UNDER REGULATION 30 – INTIMATION OF RECEIPT OF ORDERS

The company is pleased to announce two large orders from two major international gas engine Original Equipment Manufacturers, with a combined value of INR 142 Crore for the supply of gas engine generators. These orders reflect a high increase in demand from the gas engine segment of the company's business with end use for application in grid stabilization units, base load power and data centres.

All the generators are for the export markets and will be partly delivered during this financial year and partly delivered next year. The company expects further orders in this segment over the next few quarters. These orders reflect the company's strengthening position in the international markets and higher acceptance of its products for critical applications.

Additionally, we confirm that none of the promoters/promoter group/group companies have any interests in the entity that awarded the order. These orders are awarded by two International entities and do not fall within the purview of related party transactions.

Kindly take the above on record.

Thanking You
For TD Power Systems Limited

Bharat Rajwani
Company Secretary & Compliance Officer
