DF POWER SYSTEMS PRIVATE LIMITED
SUMMARY OF ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2024

DF Power Systems Private Limited (the Company) is a wholly owned subsidiary of TD Power Systems Limited, engaged in the business of executing power plants and providing engineering, procurement and construction services (EPC).

The aforesaid financial statements have been approved by the Board of Directors of the Company at their meeting held on May 22, 2024.

Material Accounting Policies

1.1 Basis of preparation of financial statements:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value:

Certain financial assets and liabilities and

Defined benefit plans - plan assets

1.2 Use of estimates and judgments:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in 1.4. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.3 Current versus non-current classification:

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

a) An asset is treated as current when it is:

Expected to be realized or intended to be sold or consumed in normal operating cycle.

Held primarily for the purpose of trading

Expected to be realized within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

b) A liability is treated as current when:

It is expected to be settled in normal operating cycle

It is held primarily for the purpose of trading

It is due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

1.4 Critical accounting estimates:

Property, Plant and Equipment:

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

D F POWER SYSTEMS PRIVATE LIMITED

SUMMARY OF ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2024

1.5 Revenue recognition :

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes/GST.

The Company recognizes revenue from sale of goods when the following criteria have been satisfied:

The entity has transferred to the buyer the significant risks and rewards of ownership of the goods/services;

The entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

The amount of revenue can be measured reliably;

It is probable that the economic benefits associated with the transaction will flow to the entity; and

The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Timing of recognition:

Revenue from project business is recognized on shipment to customers or acceptance by the customers. On service contracts, revenue is recognized based on the estimates made on completion as at the end of the reporting period.

Measurement of revenue:

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

Dividends

Revenue is recognized when the Company's right to receive the payment is established.

Interest Income

Interest income is recognized using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of financial asset.

1.6 Property, plant and equipment:

Initial Measurement:

Free hold land is carried at historical cost. All other items of Property, plant and equipment ("PPE") are carried at cost less accumulated depreciation / amortization and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying PPE up to the date the asset is ready for its intended use. Machinery spares which can be used only in connecting with an item of tangible assets and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on tangible assets after its purchase/completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Capital work in progress:

Property, Plant and Equipment which are not yet ready for their intended use are carried at cost, comprising direct cost and related incidental expenses. Advances paid towards acquisition of PPE outstanding at each balance sheet date are classified as Capital advances under other non-current assets.

Deemed cost on transition to Ind AS:

On transition to Ind AS, the Company has elected to continue with the carrying value of all its PPE recognized as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the PPE.

D F POWER SYSTEMS PRIVATE LIMITED
SUMMARY OF ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH
31, 2024

Depreciation and amortization:

Depreciation is calculated over the estimated useful lives of the asset as prescribed in Schedule II to the Companies Act, 2013 ("the Act"), or actual useful life of the asset, whichever is lower. Assets costing below ₹. 5,000/- are depreciated fully. Depreciation is charged for complete quarter on addition / deletion.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

The estimated useful lives are as mentioned below:

Type of Assets	Method	Useful lives
Building	Straight	30 Years
Plant & Machinery	Straight	10 Years
Office Equipment	Straight	5 Years
Furniture & Fixtures	Straight	10 Years
Computer	Straight	3 Years
Computer Software	Straight	6 Years
Communication Equipments	Straight	5 Years
Motor Vehicles	Straight	8 Years

De-recognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit or loss.

1.7 Impairment of Assets:

a) Financial assets (other than at fair value):

The Company assesses at the end of each reporting period, whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

b) Non-financial assets:

Tangible and intangible assets:

PPE and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

1.8 Employee benefits::

Employee benefits include provident fund, pension fund, employee state insurance scheme, compensated absences, gratuity and leave encashment.

a) Short-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by the employees are recognized during the year when the employee render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services.

b) Long-term employee benefits - Compensated absences:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation as at balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

c) For defined benefit plans in the form of Gratuity (funded) and Leave encashment, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at the end of each reporting period. The amount is funded to gratuity fund administered by the trustees and managed by Life Insurance Corporation of India.

Re-measurement of net defined benefit liability/ asset pertaining to gratuity comprise of actuarial gains/ losses (i.e. changes in the present value resulting from experience adjustments and effects of changes in actuarial assumptions) and is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to statement of profit or loss.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expenses in the statement of profit and loss.

Past service cost recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefit become vested. The retirement benefits obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, plus present value of available refunds and reductions in future contributions to the schemes.

d) Defined contribution plans:

The Company has contributed to provident fund and employee state insurance scheme which is defined contribution plan. The contribution paid/payable under the scheme is charged to Statement of Profit & loss during the year in which an employee renders the related service. Company has no further obligation beyond making the payment.

e) Termination benefits are recognized as an expense as and when incurred.

1.9 Leases:

Company as a Lessee:

Contracts with third party, which give the company the right of use in respect of an Asset, are accounted in line with the provisions of Ind AS 116 – Leases, if the recognition criteria as specified in the Accounting standard are met.

Lease payments associated with Short terms leases and Leases in respect of Low value assets are charged off as expenses on straight line basis over lease term or other systematic basis, as applicable.

At commencement date, the value of “right of use” is capitalised at the present value of outstanding lease payments plus any initial direct cost and estimated cost, if any, of dismantling and removing the underlying asset and presented as part of Plant, property and equipment.

Liability for lease is created for an amount equivalent to the present value of outstanding lease payments and presented as Borrowing. Subsequent measurement, if any, is made using Cost model.

Each lease payment is allocated between the liability created and finance cost. The finance cost is charged to the Statement of Profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The right-of-use asset is depreciated over the shorter of the asset’s useful life and the lease term on a straight-line basis.

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or the company's incremental borrowing rate.

Lease modifications, if any are accounted as a separate lease if the recognition criteria specified in the standard are met.

Company as a lessor:

Leases are classified as operating lease or a finance lease based on the recognition criteria specified in Ind AS 116 – Leases

a) Finance Lease:

At commencement date, amount equivalent to the “net investment in the lease” is presented as a Receivable. The implicit interest rate is used to measure the value of the “net investment in Lease”.

Each lease payment is allocated between the Receivable created and finance income. The finance income is recognised in the Statement of Profit and loss over the lease period so as to reflect a constant periodic rate of return on the net investment in Lease.

The asset is tested for de-recognition and impairment requirements as per Ind AS 109 – Financial Instruments.

Lease modifications, if any are accounted as a separate lease if the recognition criteria specified in the standard are met.

b) Operating Lease:

The company recognises lease payments from operating leases as income on either a straight-line basis or another systematic basis, if required.

Lease modifications, if any are accounted as a separate lease if the recognition criteria specified in the standard are met.

1.10 Income taxes:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

a) Current Income Taxes:

The current income tax expense includes income taxes payable by the Company and its branches in India and overse. Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis or where it is legally enforceable right to set off the recognized amount.

b) Deferred Income Taxes:

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

1.11 Foreign Currency:

a) Functional and presentation currency:

Items included in the financial statements of each of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is functional and presentation currency.

b) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency prevailing at the dates of the transactions.

c) Measurement of foreign currency monetary items and Non-monetary items at the balance sheet date

Foreign currency monetary items outstanding at the balance sheet date are restated using the year end rates. Non – monetary items which are carried in terms of historical cost denominated in a foreign currency are not restated and hence are reported using the exchange rate prevailing at the date of transactions.

d) Treatment of exchange differences on monetary items

Exchange differences arising on settlement / restatement of foreign currency assets and liabilities of the Company are recognized as income or expense in the statement of profit and loss in the period in which they arise.

e) In respect of overseas branch, which is integral foreign operation, financial statements are translated as if the transactions are those of the Company itself.

1.12 Financial instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a) Cash & Cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

b) Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

d) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

e) Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In respect of trade receivables, the Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

f) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.13 Cash Flow statement

Cash flows are reported using Indirect method, whereby profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from Operating, Financing and investing activity of the company are segregated.

1.14 Provision and contingencies

A Provision is recognized when an enterprise has a present (legal or constructive) obligation as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are measured at the present value of expenditure required to settle the present obligation at the end of reporting period. The discount rate used is pre tax rate that reflects current market assessment of the time value of money and the risk specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes.

Contingent Assets are not recognized in the financial statements.

1.15 Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Refer Note 16 for segment information presented.

1.16 Earnings per share:

Basic earnings/ (loss) per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

The numbers of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issued including for any changes effected prior to the approval of the financial statements by the board of Directors.

D F POWER SYSTEMS PRIVATE LIMITED
SUMMARY OF ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2024

f) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.13 Cash Flow statement

Cash flows are reported using Indirect method, whereby profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from Operating, Financing and investing activity of the company are segregated.

1.14 Provision and contingencies

A Provision is recognized when an enterprise has a present (legal or constructive) obligation as a result of past event; and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are measured at the present value of expenditure required to settle the present obligation at the end of reporting period. The discount rate used is pre tax rate that reflects current market assessment of the time value of money and the risk specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the notes.

Contingent Assets are not recognized in the financial statements.

1.15 Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Refer Note 16 for segment information presented.

1.16 Earnings per share:

Basic earnings/ (loss) per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

The numbers of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issued including for any changes effected prior to the approval of the financial statements by the board of Directors.

16 SEGMENT REPORTING:

(i) Certain expenses, which are not allocable to any specific segment, are separately disclosed at the enterprise level. Cash and bank balances in India are reported at the enterprise level as the company operates common bank accounts. Property, plant and Equipments, Liabilities, Current assets and Current liabilities relating to specific business segments are identified and reported. Those that are not identifiable are reported as common items.

Secondary segment is reported based on the geographical location of the company, viz., India and Hongkong. Revenues in the secondary segment are based on the sales made by the branch office. Property, plant and Equipments, Current Assets including Cash and Bank accounts, and Current liabilities are identified to the branch office to which they relate and are reported accordingly.

<u>Holding Company</u>		
Reimbursement of expenses	0.21	0.20

18 The Company doesn't have any unhedged foreign currency outstanding as at March 31, 2024.

19 During the year, the Company has made provisions for Compensated Leave Absence, the details of same are as under:

Amount in Lakhs

Particulars	As at 31.03.2024	As at 31.03.2023
Balance outstanding at the beginning of the year	1.01	1.11
Provision for the year	0.44	0.35
Utilized during the year	0.35	0.45
Balance outstanding at the end of the year	1.10	1.01

20 The net worth of the Company continues to be positive. The improvement in market condition which was expected post pandemic has been sluggish without a clear picture about the direction in which market likely to head. However the Company continues to evaluate opportunities from time to time with required support from the parent Company. Based on an assessment of risk of claims & counter claims which the Company will have against Creditors for supply of project related equipment, as well as project cancellation, appropriate write backs have been accounted in respect of these creditors in financial year 2022-2023 amounting to ₹ 62.78 lakhs ((2021-2022: ₹757.72 lakhs) and earlier year, resulting in the Company's Net worth turning positive. Accordingly, the financial statements of the Company continue to be prepared on a going concern basis which is considered appropriate by the management of the Company.

21 Balance with government authorities :

The Company has accumulated Service tax and GST credit of ₹.739.07 lakhs. During the current financial year there was no operation, as a result there was no movement in the GST. However the accumulated credit in this account will be utilised on appropriate business opportunity.

22 Since the Company has no net profits as determined in terms of Section 198 of the Companies Act 2013, provisions of Section 135 relating to CSR is not applicable which has been supported by the legal opinion in this respect.

D F POWER SYSTEMS PRIVATE LIMITED**NOTES ON FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2024****23 Details of Key Ratios: - (All amounts in Indian Rupees Lakhs, except as otherwise stated)**

Sl No	Ratios	As at 31.03.2024			As at 31.03.2023			% Variance	Reason for Variance
		Numerator	Denominator	Value	Numerator	Denominator	Value		
1	Current Ratio	838.09	1.50	558.73	843.53	1.35	624.84	-10.58%	
2	Return on equity ratio	-5.59	839.39	- 0.01	55.62	819.12	0.07	-109.81%	Due to reduction in profits due write back of creditors in previous year

Note on Ratios:

1 Current ratio = Current assets / Current liabilities

2 Return on equity ratio = Net Profits after taxes – Preference Dividend / Average Shareholder's Equity

24 No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

25 Income Tax:

Pursuant to Taxation Laws (Amendment) Ordinance 2019, dated September 20, 2019, the Company has exercised the option permitted u/s 115BAA of the Income Tax Act, 1961 to compute Income Tax at the rate of 22% plus applicable surcharge and cess (i.e., effective tax rate of 25.168%). No tax provision is made in the financial statements due to brought forward business loss available in the income tax for earlier years. Also tax liabilities under MAT is not provided as the same is not applicable as referred in the said section..

26 Additional disclosures:

- i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- ii) The Company does not have any charges/satisfaction which is yet to be registered with ROC beyond the statutory period.
- iii) The Company has not traded or invested in Crypto currency or Virtual Currency during the year.
- iv) The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.
- v) The Company does not have any such transaction which is not recorded in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.
- vi) The Company does not have transactions or balances with struck off companies.

27 The Code on Social Security 2020 ("the Code") relating employee benefits, during the employment and post employment, has received presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are yet to be issued.

The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules to determine the financial impact are published.

INDEPENDENT AUDITOR'S REPORT

To the Members of D F Power Systems Private Limited

Report on Audit of the Standalone Financial Statements

Opinion:

We have audited the standalone Ind AS financial statements of D F Power Systems Private Limited ("the Company") which comprise of balance sheet as at March 31, 2024, the statement of profit & loss, statement of changes in equity and the cashflow statement for the year then ended, notes to Ind AS financial statements including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, losses, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern:

We draw attention to note 20 to the financial statements, the Company is in the process of reviving business. The Company continues to evaluate business proposals related to engineering services which is gradually recovering due to the ongoing pandemic and will review possibilities in this regard from time to time with required support from the parent Company. These events or conditions, along with other matters contained in note 19 of Annexure – A to this report, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as going concern. We are unable to express any independent opinion on this matter.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

There were no key audit matter that need to be reported.

Other Information, [“Information Other than the Financial Statements and Auditor’s Report Thereon”] :

The Company’s Board of Directors is responsible for the other information. The other information comprises the board report but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management’s Responsibility for Standalone Ind AS Financial Statements:

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with⁶ the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure – A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for that reported in para h) vi) below.
- c) The Balance Sheet, the Statement of Profit and Loss, statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on that date from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure - B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with requirement of Section 197 (16) of the Act, as amended:

In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) There are no pending litigations that need to be disclosed in the financial statements of the Company.
 - ii) The Company did not have any long-term contracts as required under the applicable law or accounting standards, and also not entered into any derivative contracts, accordingly no provision is required to be made in respect of material foreseeable losses.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv)
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been

received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

- c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement
- v) The Company has not declared or paid any dividend during the year in accordance with section 123 of the Act.
- vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of accounts which doesn’t have a feature of recording audit trail (edit log) facility during the year. However, considering the size of the Company this may not have a material impact on the operations of the Company.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE-B REFERRED TO IN PARAGRAPH 2 (f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT TO THE MEMBERS D F POWER SYSTEMS PRIVATE LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”):

We have audited the internal financial controls over financial reporting of D F Power Systems Private Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls:

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

Auditors’ Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting generally includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company, in all material respects, has an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" except for that reported in para 2) h) vi) on report on other Legal and Regulatory requirements of the audit report.
